Dear Parents and Carers,

We are exploring the idea of running regular parent and child reading workshops in school. These sessions would give families the chance to enjoy reading together, see the strategies we use in class and help children build confidence and enjoyment in reading.

Before we make any plans, we would like to understand how many families would be interested and what type of sessions would work best. Your feedback will help us shape something that is useful, accessible and enjoyable for everyone.

Please take a moment to complete our short form. It asks about your level of interest, preferred frequency and the year groups you would like included.

Thank you for taking the time to share your views. Reading is one of the most powerful ways we can support children's learning, and your input will help us design sessions that meet the needs of our school community.

Kind regards

M. McCarthy
